Discover the Power of Permanent Hair Removal by visiting the Doreen Electrolysis Hair Removal Centre in Sharjah.

Tired of the never-ending cycle of shaving, waxing, or threading?
At Doreen Electrolysis Hair Removal Center in Sharjah, we offer a permanent solution that leaves your skin smooth, confident, and vibrant — electrolysis.

Why Preffer Electrolysis?
Electrolysis is the only FDA-approved method for permanent hair removal. Unlike laser treatments, which reduce hair growth, electrolysis completely removes hair follicles using a very little electric current. It's safe, powerful and effective for all skin types, and suitable for both women and men.

Whether you’re fighting with hormonal hair growth, PCOS-related hair issues, or just want a permanent remedy for unwanted facial or body hair, electrolysis is a game-changer.

Introducing The Expert: Doreen
With over 22 years of experience in the field of electrolysis, Doreen is known for their precision, hygiene standards, and client-centered and interprofessional care, Doreen brings international training and a personal touch to every session.

Their clients describe them as patient, discreet, and deeply knowledgeable — qualities that matter when you're trusting someone with your skin.

What We Offer
At our Sharjah clinic, we specialize in:

Facial Hair Removal
Targeted treatment for areas such as the chin, upper lip, eyebrows, and sideburns.

Customized Electrolysis Treatments
Tailored solutions specifically for facial hair caused by PCOS and hormonal imbalances.

Comfortable and Private Treatment Rooms
Designed to ensure hygiene, comfort, and privacy throughout your session.

Personalized Care in a Safe, Clean Environment
We prioritize your well-being with a focus on safety, cleanliness, and individual attention.

Your comfort and safety are our highest priorities. We stick on strict hygiene protocols, use sterilized equipment, and tailor each treatment to your unique

hair type and skin sensitivity. Doreen takes the time to explain every step, set realistic expectations, and create a personalized treatment plan that works best for you.

We are conveniently located in a quiet, easily accessible area of Sharjah, making it simple for clients from Dubai, Ajman, and across the UAE to reach us.
Free consultation appointments are available to discuss your goals and determine whether electrolysis is the right choice for you.
